

Sunday Afternoon Sounds September 4th 3:00pm

You're invited to a gathering of open-hearted folks to experience a life-enhancing musical celebration, featuring the music of Narayan & Janet at **Mosswood Hollow**.

Mosswood Hollow is an oasis of peace and natural beauty near Duvall, WA. There are open fields, deep forests, ponds and streams, a mile long walking trail around a five acre beaver pond, flower and vegetable gardens and loads of wildlife.

Paul Martin and Sandra Grumman of Stonehouse Books became stewards of this 40 acre piece of land with the intent of fulfilling a longtime vision of providing a space for people to come for learning, healing and renewal.

The land was raw and wild and Paul and Sandra have worked with it conscientiously for almost 30 years, creating a comfortable lodge and retreat center while

honoring and enhancing the lands' inherent beauty.

THE MUSIC – Narayan & Janets' vibrationally-tweaked songs are filled with life-affirming messages; A delicious blend of jazz, R&B, world music, Beatles and Sanskrit mantra.

Vocals, keyboards, trumpet and exotic percussion instruments this music is designed to shift your life experience.....soothing yet energetic and fun!

Narayan & Janet's purpose is to create, perform and promote

music & lyrics that are expansive and life-affirming. They want to dive deeper into music and its potential to transform, heal and elevate us and our planet and to help connect people and communities who are envisioning and living heaven on earth.
